1146	Patterson	Command Exec.	Meeting yesterday w/ Commanders. SC was not w/ it. Command. OPP have 1 focus to keep it in our City. Will be a narrow focus. If they want to keep it as a protracted event. SC's pkr didn't talk about 1000 members. Don't see any PLT members on it. Risk. Dave Springer came in asking questions which we weren't prepared for. Need dedicated IIC order. Tish & Mark. Chief. our mission is to complete this operational plan. Need good time Sgt. under FBI. Need dedicated event commander for this. Dave Springer has the expertise. Who will be embedded. Chief. need good negotiation strategy. Do we have Critical Incident Commander in the structure? Marcel Boudrias, Craig Abous. OPP PLT were on advisory role. Not here to provide POU/PLT operations. Chief → Ferguson - PLT leverage. Incident Commander Ferguson - getting our organizational reputation, which isn't good. Conflict of interest w/ John Ferguson in relation to decision making w/ T. Ferguson. Noted for concern.
